CCG Ghoul Investigators

Tokyo Ghoul : re

The CCG is the only organization in the world that investigates and solves Ghoul-related crimes. Founded by the Washu family, the CCG developed and evolved Quinques, a type of weapon derived from Ghouls' Kagune. Quinx, an advanced, next-generation technology where humans are implanted with Quinques, is currently under development.

Mado Squad

Qs (Quinx) : Investigators implanted with Quinques. They all live together in a house called the **Chateau** under Urie's new mentorship.

Ken Kaneki
金木 研

Half-Ghoul and former mentor of the Qs Squad. Recently regained his memory investigating the Aogiri Tree with Furuta. He has a particular reason for attempting to break into Cochlea.

Akira Mado

Toru Mutsuki
六月 透

Suzuya Squad

Hanbeh Abarai
阿原半兵衛

Rank 1 Investigator
Suzuya's right-hand man.

Yoshitoki Washu
阿原半兵衛

CCG Bureau Chief
Supervisor of the Quinx project. A member of the CCG's founding family, but he still has an approachable side. Commander of the Rushima Operation.

Matsuri Washu
和修 政

Special Investitgator
Yoshitoki's son. A Washu supremacist. Is skeptical of Quinxes. Deputy Commander of the Rushima Operation.

Itsuki Marude
丸手 斎

Special Investigator
Heads Countermeasure II. Deputy Commander of the Rushima Operation.

Kisho Arima
有馬貴将

Special Investigator
An undefeated investigator respected by many at the CCG.

Take Hirako
有馬貴将

Ghouls

They appear human, but have a unique predation organ called Kagune and can only survive by feeding on human flesh. They are the nemesis of humanity. Besides human flesh, the only other thing they can ingest is coffee. Ghouls can only be wounded by a Kagune or a Quinque made from a Kagune. One of the most prominent Ghoul factions is the Aogiri Tree, a hostile organization that is increasing its strength.

The Aogiri Tree

Eto/Sen Takatsuki

Naki
ナキ

Member of the Aogiri Tree. Current leader of the White Suits. A Rate S, but frequently loses control.

T ● K Y ● G H ● U L

Haise Sasaki and the four Qs who fight using Ghoul abilities are recognized for their role in the Tsukiyama family eradication operation and assigned to individual cases. The CCG discovers the Aogiri's stronghold, Rushima Island. Meanwhile, Sen Takatsuki reveals herself as a Ghoul at the press conference for her final novel, *King Bileygr*. The rift between humans, Ghouls and the CCG over the One-Eyed King grows ever deeper. Haise, assigned to defend Cochlea, attempts to free Hinami, but is no match for Arima and his Quinque, the Owl...

Karao Saeki
A.K.A: The Torso

The victim's limbs were found in the vicinity of the torso while the head was discovered farther away.

There is also evidence that something large penetrated his anus, perforating his intestines and other internal organs before reaching to his diaphragm.

The wounds to the head are especially severe. The eyes were gouged out, the tongue was missing, and the nose was carved off. The victim's severed penis was found wedged in the nasal cavity.

The tongue has not been recovered.

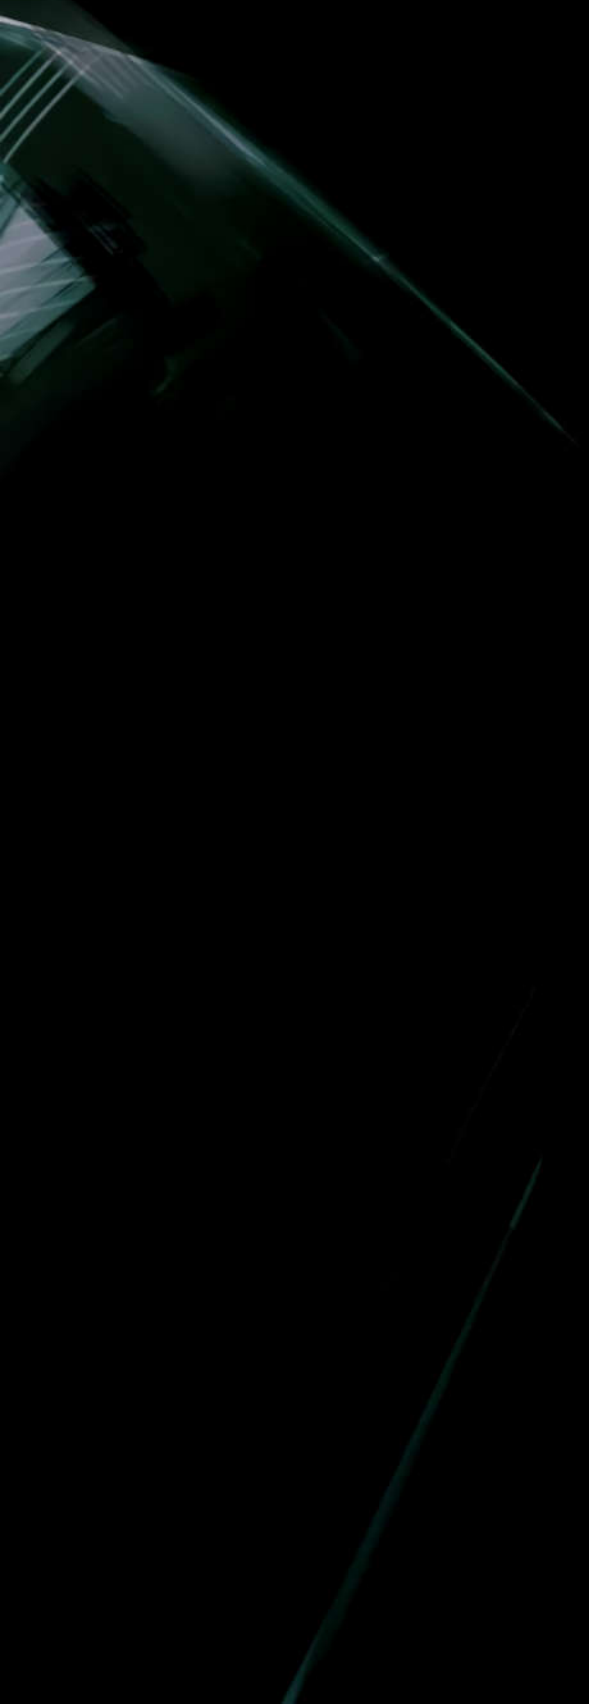
RATED T+ OLDER TEEN



TOKYO GHOUL :re

The Commission of Counter Ghoul is the only organization in the world fighting the Ghoul menace, and it will use every tool at its disposal to protect humanity from the ultimate predator. Its newest weapon in this hidden war is an experimental procedure that implants human agents with a Kagune—the Ghoul organ of predation—giving them Ghoul powers and abilities. But both the procedure and the newly formed Qs Squad are untested. Will they become heroes... or monsters?

While Haise is determined to help his old friends escape from Cochlea prison, he doesn't want to hurt any of his CCG colleagues. But his mentor Kisho Arima takes the decision out of Haise's hands, confirming some of Haise's greatest fears about the organization that has become his whole life. He lost everything once before. How will he handle it happening again?!
